

Access to Preventive Care Services

Preventive care aids in catching or stopping serious diseases and medical problems before the conditions become major problems. Some examples of preventive care include annual check-ups, immunizations, and flu shots, and other screenings or tests.

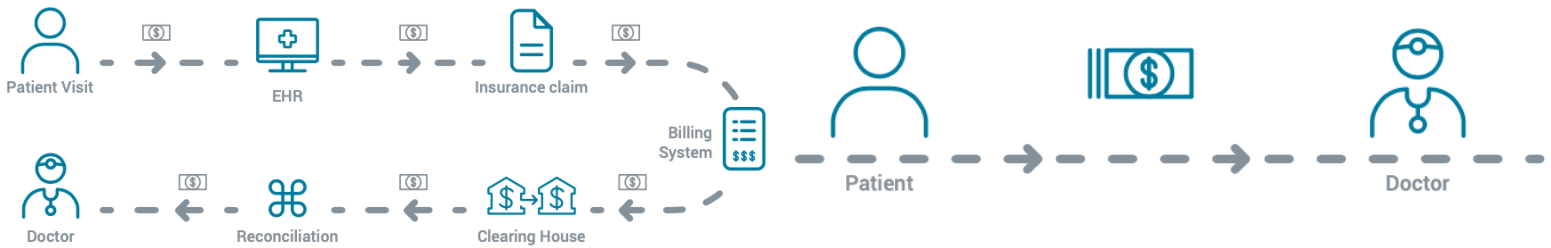

Our Membership Program

Shekinah Health and Wellness provides individuals, who do not have insurance or have a high deductible health insurance plan, the options to participate in our Health & Wellness Preventive Care Membership program.

Traditional Fee for Service

Direct Patient to Doctor

vs.

Best For

- Generally healthy individuals
- Individuals with zero or limited medical insurance coverage
- Those who has or are considering a High Deductible Health Plan (HDHP)
- Families with small children
- Individuals who travel frequently
- Non-insured elderly patients who can't travel to the doctor

Enrollment Perks

- Limit costs of physicals and other routine visits
- See a primary care provider for routine visits or short-term health issues
- Services at reasonable costs. No hassle with prices. What you see is what you get.
- Timely communications via phone or telehealth
- Accessible and convenience
- No insurance deductibles, copays and discounts
